Subject: Feb. 28 Agenda Request

Glenda,
I'm requesting to be on the Feb. 28 agenda under "public information" regarding the future of the Hampstead Branch Library. Joining me would be Elaine Hynes, President of the Topsail Township of the Friends of the Library. This is follow-up to Paul Parker's presentation the previous day regarding "Discussion of Projects/Long Range Planning Topics." I understand time is very limited and our remarks will be to the point and brief needing about 10 minutes if possible. Would you please let me know as soon as possible if this request is granted.

Thank you,
Mike
