**RE: Pender County Appointment to Cape Fear Area  
Rural Transportation Advisory Committee**

The two-year term of County Commissioner Eugene Meadows appointment to the Cape Fear Area Rural Transportation Advisory Committee (RTAC) expires at the end January 2006. He is eligible for another two-year appointment. The RTAC meets about five times a year during the day at the Brunswick Community College Leland Center.

The Cape Fear Area Rural Planning Organization exists to serve as the intergovernmental organization for local elected officials, the North Carolina Department of Transportation and residents of its region to work cooperatively to address transportation issues.

Can you see that the Board of Commissioners considers re-appointing Mr. Meadows or appointing another member of the Board of Commissioners to the RTAC?

Please call if you have a question or concern.
